Fire Sprinkler Air Compressor 402000T

- Quiet Operation
- Durable cast iron pumps for performance and durability
- Splash type lubrication
- Cast Iron pumps have stainless steel valves for longer life
- Flywheels designed for excellent pump cooling
- **Includes Built In Regulator, Pressure Gauge and On/Off Switch**
- Manual reset for overload protection

- Factory Tested prior to shipping
- 5.0 HP CSA approved electric motor
- 7.8 CFM @ 90 PSI
- 6.4 CFM @ 125 PSI
- 15 amp draw at 125 Max PSI
- 20 Gallon Air Receiver
- 1100 Pump RPM
- Dimensions (*l x w x h*) 35" x 18" x 30"
