## Section 4. FIRST AID MEASURES

- Inhalation:** If breathed in, move the exposed person to fresh air and keep comfortable. If the person is not breathing or breathing is irregular, provide artificial respiration or oxygen by trained personnel.
- Skin contact:** Wash affected skin with soap and water. Get medical attention if symptoms occur. Wash contaminated clothing before reuse.
- Ingestion:** Do not induce vomiting. Rinse mouth. Never give anything by mouth to an unconscious person. If conscious and alert, rinse the mouth with water. Drink two glasses of water after consulting a physician or poison control center.
- Eye contact:** Check for and remove any contact lenses, if easy to do so. If eye irritation persists, consult physician after flushing eyes with tepid water for 15 minutes.

## Section 5. FIREFIGHTING MEASURES

**Suitable extinguishing media** Small fires — Class B fire-extinguishing media including water spray, foam, CO<sub>2</sub> or dry powder.

**Specific hazards:** Carbon monoxide may be produced.

**Special protective equipment for firefighters:** Full protective equipment including self-contained breathing apparatus should be used. Do not allow run-off from fire-fighting to enter drains or water courses.

## Section 6. ACCIDENTAL RELEASE MEASURES

<b>Personal Precautions:</b>	Immediately contact emergency personnel. Evacuate any potentially affected area and isolate personnel from entry.
<b>Large Spill:</b>	Personnel must have appropriate training, per Occupational Safety and Health Administration (OSHA) 29 CFR 1910.120. Do not touch damaged containers or spilled material unless wearing appropriate protective equipment (Section 8).
<b>Methods for Containment and Clean up</b>	Prevent entry into waterways, sewers, basements or confined areas. Absorb liquid with vermiculite, floor absorbent, or other absorbent material, and transfer to a hood or use local exhaust ventilation. Advise applicable authorities if material has entered sewers or water courses.

## Section 7. HANDLING AND STORAGE

<b>Handling:</b>	Keep containers closed when not in use. Avoid contact with eyes or clothing. Launder soiled clothing thoroughly before re-use.
<b>Storage:</b>	Keep all containers tightly closed when not in use. Store in a well ventilated area.
